# CCS Toolkit

Safety Program Evaluation

Worker Training Database and Management Tool

Safety Meeting App with Toolbox Talks, Inspection Forms & Checklists

Safety Director Memorandums

Standard Safety Orientation

Model Substance Abuse Program and Management Tool

Access to a Safety Professional

## CCS Members are Safer

 **76%** Percentage lower than the national average for DART for Construction Contractors that meet CCS requirements

 **65%** Percentage lower than the national average for TRIR for Construction Contractors that meet CCS requirements

 **1250** Recordable incidents prevented by construction contractors in the CCS certification program

## Benefit

Members have access to a variety of safety tools that can improve safety performance and ensure workers are properly trained and fit to work.

# Events/Networking Opportunities

CCS is the best industry platform for your company to make connections, do business and stay informed about risk management in construction and contractor maintenance. CCS' events and networking opportunities provide an opportunity to engage with thought leaders in the construction industry to help your company raise the bar in setting safety expectations in your organization and on your jobsites.

WINTER SPRING SUMMER FALL

CCS holds Safety Directors Forums throughout the year covering a variety of topics. Attendees have the opportunity to learn strategies to improve safety performance and stay on top of the latest safety trends. These free events allow participants to network and share ideas with their peers.

CCS has launched a new webinar series called "The 15" which is a brief 15-minute monthly safety directors exchange where participants will discuss hot topics and have the opportunity to share best practices, ask questions and learn tactics to help them with day to day responsibilities.

## Benefit

Opportunity to engage with safety-minded companies as well as build brand recognition and create new connections through networking.

# Professional Development

Safety standards and technology are changing regularly so CCS offers a variety of programs to help members stay on top of the latest trends. CCS also recognizes outstanding safety performance of companies and individuals at its annual Awards Celebration.

## Education and Training

**Safety Directors Forums**

**Webinars**

**Roundtables**

**Town Hall**

**CEUs Available**

## Key Education Topics

**OSHA Updates**

**Safety Best Practices**

**Technology**

## Awards and Recognition

**Excellence in Safety "Crystal Eagle" Award**

**Outstanding Project Safety Award**

**Safety Innovation Award**

**Zero Injury Award**

**Outstanding Craftsperson Award**

**Burnie McGinnis Award**

## Benefit

Members receive the best resources for ongoing safety education and recognition through CCS Awards Program and the CCS Certification Program that can be used to promote your company.
