

MASTER PLAN ROLLOUT AND DISCUSSION WITH LEADERSHIP TEAM

A conversation with the construction community

Join IU Health for a virtual discussion as they answer your questions on the new downtown medical campus. The medical campus will exist on a revitalized downtown campus and serve as the core of a thriving new health district in the heart of Indianapolis and Indiana. The conversation includes a panel discussion and Q&A session, covering the details of the new medical campus, and topics on diversity and local participation relating to the design and construction industry.
