

## **Coalition for Construction Safety**

### **The Value of CCS Membership**

- ◆ Peer-to-peer interaction with safety-minded owners and contractors
- ◆ Stakeholder in setting industry safety expectations and standards
- ◆ Educational events and training
- ◆ Awards recognition
- ◆ Resource library

### **CCS Programs and Benefits**

- ◆ **CCS Certification Program**
  - Comprehensive evaluation of your safety program by a safety professional
  - Interaction with CCS Safety Director regarding your programs, policies, and implementation
  - Access to sophisticated owners
- ◆ **CCS Substance Abuse Program**
  - Helps keep a substance-free workplace
  - Industry standard
  - Overhead reduction
- ◆ **Worker Training Database**
  - Management tool for worker training
  - Verify workers have proper training
- ◆ **Safety Meeting App**
  - Toolbox talks
  - Inspection forms
  - Checklists
- ◆ **CCS Safesite**
  - Portal to check CCS Cards for individual workers
  - View availability of workers based on substance abuse program testing
  - View individual worker training
  - Add employees to your account
  - Generate reports
  - Direct contact to Third Party Administrators and CCS Staff

### **CCS Membership Matters**

Companies that are engaged in the CCS Certification Program outperform their peers which has a significant impact on worker safety and the bottom line.

**65%**  
Percentage lower than the national average for TRIR for Construction Contractors that meet CCS requirements

**\$ .57 Cents**  
per man hour saved by CCS construction contractors

**76%**  
Percentage lower than the national average for DART for Construction Contractors that meet CCS requirements
